EE Series Weather Safe Environmental TV/Monitor Enclosures for Extreme Conditions

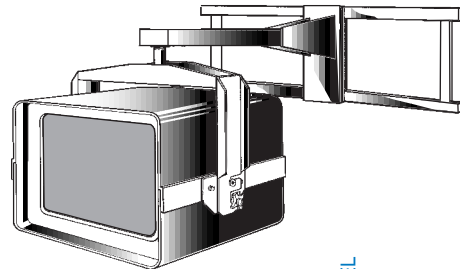

This totally sealed enclosure keeps your TV/Monitor at a constant safe operating temperature in the rain, snow, wind, and heat. The EE series enclosure also offers protection from hazardous airborne elements such as pollutants, humidity, and dust.

EW Series Weather Safe TV/Monitor Enclosures for Moderate Conditions

This insulated and sealed enclosure offers your TV/Monitor resistance from the elements with an air circulation system that keeps your TV/Monitor cool.
