

FSAV5X2 & FSAV7X2 Universal VESA Adaptors For Use With FS Series Mounts

FSAV5X2 has a 500mm x 200mm pattern.
FSAV7X2 has a 700mm x 200mm pattern.
Holes are spaced in 50mm intervals.

NOTE: These adaptors will not work with the FSCT20 in Portrait (Vertical) applications.

1. Place 5/16" special hardware through adaptor plate mounting holes that are correct for your flat screen mount. A piece of duct tape can be used over hardware to help hold them in place during assembly.
2. Attach adaptor plate to monitor with screws appropriate to your unit. 5mm & 6mm screws have been provided.
3. Refer to FS series mount instructions to complete install.

HARDWARE LIST	QTY
